## West Berlin's Burgeoning 'Profumo Case'

BERLIN (UPI).

Franz Amrehn, West Berlin Christian Democratic leader, yesterday demanded the city tell the public the truth about the "Bolshevik Brothel."

The opposition leader proposed that his party ask Mayor Willy Brandt's Socialist city government for the results of the police investigation of the alleged Communist spy center.

Both the owner and manager of the "Pension Clauswitz" have been arrested on suspicion of giving East German secret police information on their customers.

The mass circulation newspaper Bild Zeitung said if the secrecy continues the case could grow into a "Profumo Scandal."

"We ask: Is it true that not only Berlin politicians but also West German members of Parliament, yes, even cabinet ministers, were guests?"
